Note:

The Allentown district is a very old historic district, there are stairs to both the studio location and a number of public spaces.

I deeply apologize that I am not in a fully accessible place.

Please keep this in mind. I am more than happy to personally assist with luggage, bags, etc.

Additional note, We may take a walk throughout the neighborhood weather permitting. It will be leisurely, but please let me know if you would like me to arrange a different activity for you during that time.

Accommodations:

I am more than happy to help find Air Bnbs or make suggestions on lodging, but I think that with everyone having different comfort levels letting everyone chose for themselves is the most effective option to guarantee everyones comfort.

Buffalo has Uber and Lyft. I recommend coordinating with others and sharing an uber to the studio.

I have arranged the retreat so that everything we will be doing will be within walking distance or have provided transportation so that car rental should not be necessary.

If you wish to rent a car, there is car rental at the airport
